LightsOut Ohio Worksheet

Tracking Wasted Energy Used for Lighting

Please record the number of lights your home typically uses in the evening along with the number of lights that are left on unnecessarily. Have a parent or guardian check this with you so that they also can learn how much energy is being wasted.

Room	Number of lights that were ON in the room	Number of lights that you TURNED OFF because they were not needed
Bedroom #1		
Bedroom #2		
Bedroom #3		
Bedroom #4		
Bathroom #1		
Bathroom #2		
Bathroom #3		
Kitchen		
Living Room		
Dining Room		
Basement		
Other Rooms		
Outdoors		
Total Lights Turned Off		
Turning off lights you don't need is just one easy way to use energy more efficiently and save energy, save money and help protect the planet. Use energy efficiently every day.		

Optional: Our family walked around our home together to learn how many lights we used that we did not need to leave on.

Signature of parent/ guardian (optional): _____
